COOR Offers Job Service for Teenagers

The Vocational Education Department at C.O.O.R. Intermediate School District is presently implementing a system to match odd jobs and temporary work needs of local residents and business, with the communities most willing work force—the teenager.

The Teenage Job Clearing House is a referral service accessing the skills of 16-21 year old youth for the businesses; they offer temporary sales help, stocking, catalog and mailing, restaurant help, grounds keeping, recreational help, and a variety of other services needed by the business community.

For industry; typing, filing, phone answering, cleaning, collating and other part-time or temporary office help.

In agriculture livestock feeding, field work and general chores.

For homeowners: yard work, housework, painting, putting in boat dock & rafts, babysitting, wood cutting and other odd jobs.

The job candidates are referred directly to those seeking help. Pay is negotiated directly between the employer and the youth. The employer is not required to pay minimum wage or employment compensation for odd or part-time temporary jobs. Homeowner, farm, or commercial liability insurance coverage is usually adequate protection.

The clearing house is a free referral service offered to C.O.O.R. area businesses and residents and can be accessed by calling Vickie Dawson or Dick Coulter at 1-800-521-7128 between 8:00 a.m. and 4:00 p.m. Monday through Friday.

The Clearing House office is located on the campus of Kirtland Community College.

Sign-up for State Youth Corps Job Program Begins in Crawford

Registration for the Michigan Youth Corps job programs is underway in Crawford County, said Jim Karpicke, local Michigan Employment Security Commission (MESC) representative.

Sign-up for area youth, 18-21 years old, began June 1 and will end Friday, June 10. Karpicke said all young persons interested in the 8 to 12-week summer jobs should report to the MESC office at the county courthouse no later than Friday.

Most of the summer jobs for Crawford County youth will be forty hours a week at minimum wage \$3.35 an hour.

The entire jobs package will include 25,000 state-funded jobs and 35,000 federally-funded jobs for young persons and other unemployed

persons in Michigan. The number of jobs in Crawford County and the projects the Corps will be working on have yet to be determined.

Included in the new job program are reforms in Michigan's welfare system that require all general assistance recipients 18-21 years old to apply for the summer jobs. If they fail to apply, they simply lose their benefits. If they apply, are accepted, but refuse to work, they will also lose their benefits.

Representative Ralph Ostling, who voted to include the reforms in the jobs package, said, "we will trim the general assistance rolls by weeding out those people who are capable of working but simply don't want to. The State of Michigan is not in a position to provide alternative life styles for our young people."

The Grayling Combined Bands will open the evening with selections before the Processional and Invocation by Jeff Kea. Dan Meldrum will give the Benediction before the traditional Recessional march.

Baccalaureate Service will be held Wednesday, June 8, at 7 p.m. in the Joseph Stripe Auditorium with an address by Rev. Derik Roy, of the St. Francis Episcopal Church.

Class Night activities will begin Thursday, June 9, at 7 p.m. in the Joseph Stripe Auditorium.

AuSable Marathon Adds Aluminum, 1-Man Canoes

by Jon Thompson

An aluminum canoe division and a one-man canoe division have been added to the AuSable River Canoe Marathon to complement the professional and amateur races.

The two new races will start before the professional and amateur contests and will probably not travel over the entire 240-mile marathon course.

The 36th Annual AuSable River Marathon will offer \$7,500 in prize money and the race directors are soliciting Canadian racing teams to try to place a large number of quality professional teams on the river. The new divisions were added to attract more racing participants and a large audience.

The one-man canoe division is gaining in popularity across the continent and the aluminum canoe division is a favorite in Michigan and other states with plenty of

recreational lakes and streams.

Defending champions of the professional race, Butch and Brett Stockton, will be coming off a busy summer schedule to compete in the July 29-30 AuSable race. The Stocktons placed second in a 70-mile seven-and-a-half-hour race Memorial Weekend beating out 43 other teams. They'll be competing at Kalamazoo, the Upper Peninsula, Windsor, Manton, and possibly Atlanta before the AuSable race.

On the promotional end of the race, the AuSable River International Canoe Marathon race directors are currently selling ads for the official race program. New this year are mini-sponsorships selling for \$500 that buy a half-page program ad, banner space at the start of the race, and advertising along the side of all the professional canoes. Individual patron ads are being sold for \$10 this year.

Ground-Breaking Ceremony Held For Senior Handicapped Units

Ground breaking ceremonies were held on June 1, at 11 a.m. for the new eighteen-unit housing project adjacent to the present housing on Lawndale Drive.

This eighteen-unit project will be owned by the City of Grayling, acting through the Grayling Housing Commission.

All the units will be in one building, two stories, with an elevator. The first floor will be equipped to serve the handicapped. There will be a community room for everyone to get together and play cards, etc. Applications are now being accepted for the new units as well as some of the units now in occupancy which will be vacated when some of the handicapped tenants move into the new building. Occupancy is expected by Christmas.

Prior to occupancy an open house and dedication ceremony will be held.

At the ceremonies June 1, Lora Gould introduced the Housing Commission members, Leon Rochette, President; Larry Akers, Ralph Stevens, Agnes Trudgeon, and Dorothy Latuszek.

She also introduced City Manager Jerry Morford, City Treasurer Al Schreiner, County Commissioner Mary E. Harland, President of the Grayling State Bank John H. Aief, who is also President of the Crawford County Commission on Aging who operate the programs at the Housing Complex, and the 1982 Outstanding Senior Citizen Evelyn Shuraleff who is also a member of the Region 9 Aging Board.

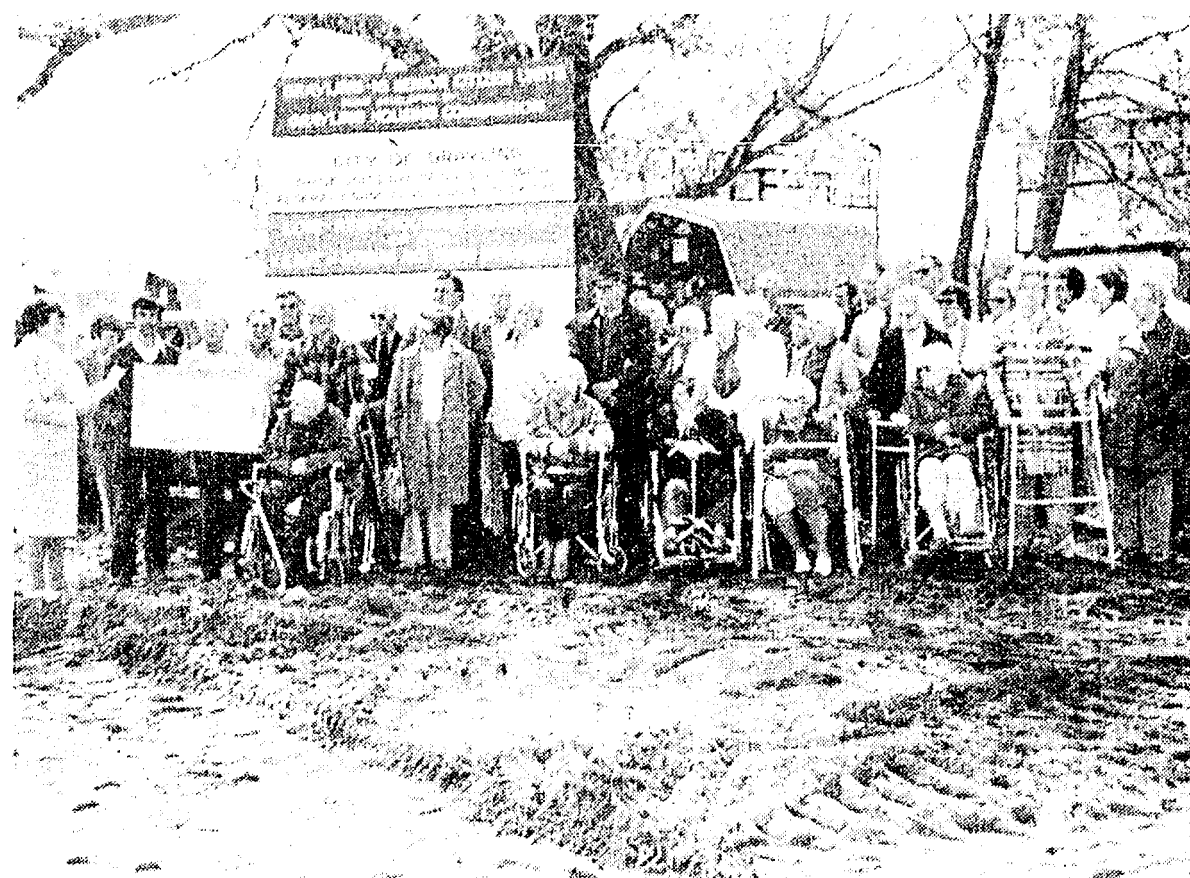

Mrs. Gould presented

Dennis Fedorinckik the Vice President of Hallmark Construction of Traverse City with the official "Notice to Proceed". Hallmark Construction recently completed various HUD projects including one at Baldwin. Mack Hadley, a tenant in the present units who expects to move into this new building, turned the first shovel of dirt with a "gold painted" shovel. Mayor Gordon "Sandy" Thompson spoke briefly on the merits of the housing programs for Grayling and thanked the Housing Commission for their continual efforts of securing funding and programs benefiting the elderly and low income persons of our community. Rev. Jay Doty closed the ceremony with a prayer and blessing for the new project.

The new project will be funded through a HUD loan.

5000 FISH DELIVERED—Flowing Wells Trout Farm delivered 5000 rainbows to the Grayling Fish Hatchery Friday just before another busy weekend at the re-opened facility. Hatchery manager Howard Hatfield dips the small trout into raceways in the photo above and another 5000 trout are expected this week to fill all the raceways. (Photo by Jon Thompson)

Hatchery Tops 2,500 Attendance Mark in First Ten Days Opened

A second weekend attendance of nearly one thousand persons pushed the total number of visitors at the re-opened Grayling Fish Hatchery to more than 2,500 for its first ten days.

About 5000 seven-to-eleven-inch rainbows were delivered Friday by Flowing Wells Trout Farm and as a bonus, a large brown and some good size rainbows were included. The brown trout weighs approximately 16 pounds and is about ten inches thick from the top of his back to his stomach. The rainbows swimming with the brown monster in a specially enclosed raceway are no slouches either.

Fish Hatchery manager Howard Hatfield is expecting one last shipment from Flowing

Wells for 11-to-17 inch rainbows later this week. Another shipment of small rainbows were supposed to be in Grayling raceways Tuesday.

The trout from Flowing Wells are on lease and will be returned in September. Night time security has been added at the hatchery and electrical power will be hooked up shortly.

A formal grand opening for the tourist attraction is planned for July 4th weekend.

Besides the huge brown trout, the hatchery is currently only stocking rainbows because they are less susceptible to diseases. There are no brook trout at the hatchery yet. The rainbows donated by the DNR were mistakenly reported as brook trout last week.

The Bible Speaks

From Calvary Baptist Church

God is Our Master

Romans 14:4

We saw last week that Christians are not to judge each other over nonessentials because "God hath received him." The strong Christians with liberty are not to despise the weak Christians over ignorance of the Bible. The weak Christians with human rules or legalism are not to judge the strong Christians over their Bible beliefs and practices. Only license or rebellion against clear Bible commands are to be judged by the church.

In verse 4 the weak are instructed why they are not to judge the strong. "Who art thou that judgest another man's servant? to his own master he standeth or falleth. Yea, he shall be holden up: for God is able to make him stand."

1. The Christian is a servant of God. Everything a Christian says or does is to be under the Lordship of Jesus Christ. All authority over human beings comes from God. God alone is our master.

2. The Christian is sustained by God. "Yea, he shall be holden up." A weak Christian is in no position to hold up a strong Christian. God alone is holding up the strong Christian.

3. The Christian is

strengthened by God. "For God is able to make him stand." All spiritual life and strength comes from God. Ability to strengthen a Christian rests with God alone.

God is our redeemer, sustainer and friend. It is good for us to remember our primary relationship is to Him, and not to others. While love and loyalty to humanity comes second, our love and loyalty to God and His Word comes first. St. Augustine made a brilliant statement nearly 1500 years ago: "In essentials, unity; in non-essentials, liberty; in all things, charity."

Every clear teaching of the Bible is essential, and becomes the basis for unity and fellowship. The grey areas where the Bible is not absolutely clear should be called nonessential and permits liberty of belief and action. The most important thing is love in dealing with both liberty and legalism. Even license or rebellion against God's Word should be dealt with in love. All vengeance or wrath belongs to God alone. (adv.)

Bits O'Talk

by Fay Bovee

Your Mary Kay Beauty Consultant, Janet Dice, wishes to thank all purchases between May 7-14. A \$67.70 check was given to Special Olympics.

Mrs. John McCarthy was gardening in her front yard on Saturday, May 28, when a band consisting of trumpet, drum and tambourines and lots of signs depicting the age "70" marched up to her. She was overwhelmed to see her family, Patrick and Judy Benson, and children, Michael, Debbie, Jenny, and Becky, a great-grandson, Daniel, of Flat Rock; Brian and Mary-jo Benson and children, Brian Jr., Jason, Emily, and Vanessa of Grosse Ile; Fraser and Karen Dean and children, Stephen, Kevin, David, Noel, Mary Margaret and Brian of Montrose march down Chestnut Street bearing gifts, food and good wishes for her. The weekend ended with a mass at St. Mary's on Sunday with Fr. Rabor adding his good wishes during the mass. Michael and Betty Benson of Stockton, Cal. were unable to attend. Mary and Grandpa Jack were completely surprised as he had not been taken into their confidence fearing he might 'spill the beans.' The only somber note came on their departure Sunday evening when all had to return to their homes.

The Melvin Nunn family spent the Memorial weekend in Rochester visiting his mother.

Mr. and Mrs. Tom Welsh spent a week in Mohawk visiting Mrs. Alice Schultz. The past weekend they spent in Vassar visiting her mother, Mrs. Leah DuBois. Over Memorial Day visitors were Warren and Betty Reed of Millington, Frank and Joanne Doty, Jennifer and Blair of Traverse City and James and Mary Lou DuBois. James and Mary Lou were enroute from taking part in the pageant at Michilimackinac.

6 Crawford Co. Avalanche Engagement Announced

Mr. and Mrs. Gerald Gabriel are pleased to announce the engagement of their daughter, Dawn Marie to Paul B. Pasternak of Mio. An August wedding is being planned.

Thurs., June 9, 1983 Thank You, Volunteers!

A special thanks from the Crawford AuSable Schools to all the Volunteers who gave so generously of their time and talent during this past school year.

Many of these people were Volunteer teacher aides; checking papers, running off copies of worksheets, while many worked with individual students helping them in their weak subjects.

Some gave their time by attending class field trips, while others were at school to lend a helping hand on special activity days.

Thanks for another great year, enjoy your well-earned summer vacation, and we hope to see you again in the Fall.

Grayling Elementary School

On Friday, May 20, Mrs. Bovee's class and Mrs. Fleming's class went on a field trip to the G.T.E. Skyline Microwave station. Mr. Jurkovich, Mr. Trenary, Mr. Cronk, and Mr. Silverthorn led the four groups that toured the upstairs and downstairs at the station. Mr. Trenary led our group and he took us all through the station showing us different things. There were generators that he started up for us, and testing machines that tested phones, and he even showed us the bomb shelters. They even have stuff in case of a nuclear explosion, like air filters so they can breathe clean air and stocks of food. It was all very exciting and educational. By Ryone Birnie-Visscher, 5th grade.

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

Love the unlovely! There is a beautiful story which is told by Roy Rogers and Dale Evans about a tour they took through a hospital. One little guy caught Dale's eye. The hospital officials told her he was up for adoption. He was considered one of those children difficult to adopt because he was physically handicapped. They made room for him in their home.

The incident brings home an excellent and painful point, it is easy to love the beautiful. How difficult to love the unlovely!

One child is favored in the family of five children because she is so beautiful. One is ignored because he seems to be the black sheep. From here many of my readers could relate some of their own painful stories from childhood. It isn't fair is it, to judge that way. BUT WE DO!

So many different backgrounds are assembled in our church on a Sunday. Some are not as beautiful as others. Some are average, some above average. Some complain; some never complain.

Thank God we are all together. We need each other. The lovely and the unlovely have come together!

God loved us before we had anything to really recommend us to Him. He loved us while we were still spotted with weakness and sin. And we could not change anything by our own efforts. That is when God took a tour through the hospital looked over and said, "I would like to take him home!" And the nurse leaned over and said, "But, God, he is not the lovely, but the unlovely." And God said, "Yes, I know."

The Apostle Paul said, "While we were yet helpless, at the right time Christ died for the ungodly...God shows his love for us in that while we were yet sinners Christ died for us."

The GIFT IS FREE, take it!

Women in Reading, Pennsylvania must not hang underwear on the clothesline unless they put a screen around it. It's the law!

To be liable for a malpractice suit, a doctor must have demonstrated professional misconduct toward the patient, and the actual loss or damage to the patient must reasonably have been caused by the physician's misconduct.

Why an ARRAIGNMENT? To fix the identity of the accused, to inform him of the charge against him, and to give him an opportunity to plead guilty or not guilty.

If you find something in a public place, you have the right to keep it unless the true owner claims it within a reasonable time after you find it. However, you do have to make a reasonable attempt to ascertain the true owner.

On May 25, 1983, Mrs. Bovee's class had tortillas. Mrs. Pomeroy made them. They were good. She made them in class. Mrs. Bovee wanted Mrs. Pomeroy to come in because we were studying about foreign people. When Mrs. Pomeroy came in she made dough and then she made the dough in dough pancakes and cooked them and then we ate them with jelly, hamburger, and butter. It was good. Senior Life with Style Day

Sponsored by

"How to Live Your Life
to the Fullest"

Thursday, June 16, 1983

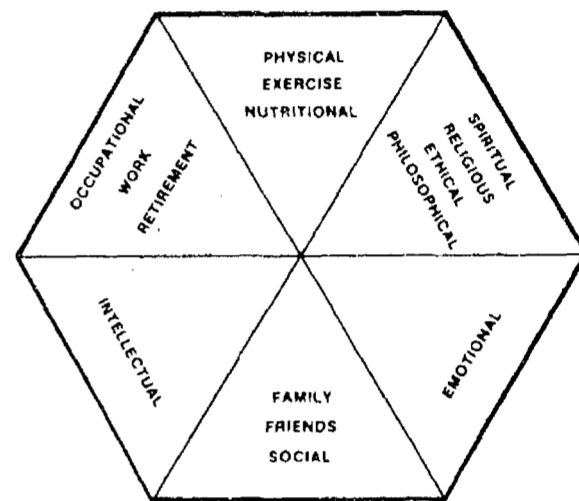

Join us for a day filled with educational sessions, exhibits, a health walk and informative guest speakers.

LIFE with STYLE

Achieve a level of wellness that fits your age and lifestyle. Many seniors feel that as they grow older, illness and infirmity become a natural part of their life. This need not be true. While there are some factors beyond our control, diet, alcohol, smoking, stress, depression, exercise and sleeping habits have an impact on both the quality of our life and its length.

Wellness is a composite of many ingredients which together determine health. The accompanying figure shows how these factors combine to create a total picture of our health.

Northern Michigan Health Services, Mid-Michigan Health Care Systems (a subsidiary of Clare Community Hospital and Midland Hospital Center) and the Trio Council on Aging invite you to participate in Senior LIFE with STYLE Day - a day intended to promote healthy living, introduce you to a variety of methods to achieve this and have a good time while doing it.

Registration

You are encouraged to register early. While registration will be possible on Thursday, June 16, registration will be limited. To assure a place, it is best to pre-register by using the attached form. Mail it with your check to:

9249A West Lake City Road
Houghton Lake, MI 48629

Your confirmed schedule will be given to you at the 9 a.m. registration on the day of the program. Others can register at the door at a cost of \$2 provided the registration has not been closed.

Due to space availability only the first 250 registrants will be allowed to attend the keynote address.

The first 250 registrants will receive a "LIFE with STYLE" tote bag. Additional registrants will be sent a tote bag when supplies are available.

Expansion of Jobs Training Partnership Act Urges

Warren M. Hoyt, Executive Director, MPA

Michigan State AFL-CIO Executive Vice President Sam Fishman has urged an increase in federal funding and an expansion of the programs of the federal Jobs Training Partnership Act.

Addressing a field hearing of the Northeast-Midwest Congressional Coalition, Fishman urged assistance for food, shelter and clothing.

"It will be almost impossible to train a laid off worker in the intricate details of a new career if that worker is preoccupied with hungry children and finding a place to live," Fishman told six Michigan congressmen who took testimony from an invited panel on the problem of workers displaced by plant closings and on programs to meet those worker's needs.

Fishman cited a seven-point program recently endorsed by the national AFL-CIO executive council as a blueprint for meeting the needs of displaced workers and for creating new jobs.

The program includes community development supplemental jobs with 100 percent federal funding and measures to prevent substitution for regularly employed workers, accelerated public works to provide jobs and infrastructure for private investment.

Other proposals include housing construction and rehabilitation to provide home mortgage relief and rental assistance to jobless workers, youth programs and the establishment of a youth conservation corps, dislocated workers program supplemental allocation, an extension of unemployment insurance benefits to provide support while workers are trained and health care for unemployed workers and their families.

Fishman also urged the passage of comprehensive plant closing legislation and programs to deal with the problems facing workers and their communities when a plant closes.

Fishman suggested an attitude exists in Congress which prevents a direct confrontation with the problem.

"They think the problem is only for 10 to 20 percent of the population," he said.

He asked for a sense of urgency among legislators in dealing with the problem and said that action as dramatic as that taken by the federal government in the Great Depression was needed.

The size of the problem was addressed by other panelists including Von Logan, director of the Bureau of Research and Statistics of the Michigan Employment Security Commission.

Logan said that many of Michi-

gan's unemployed workers would be unable to ever return to their previous jobs and added that jobs which will be created by an economic upswing would be filled first by people other than the displaced worker.

Department of Labor Director S. Martin Taylor said that by 1990 there would be 100,000 fewer jobs in manufacturing in Michigan and that the jobs in the service industries would likely go to more skilled workers.

Kelley Reaches Agreement on "SCAM" Mortgage Case

An agreement with the Salem Mortgage Company of Southfield, requiring the company to cut the principle and interest costs on its loans and return all but a few homes that were foreclosed, was recently announced by Attorney General Frank Kelley.

Kelley said the agreement "makes right the biggest mortgage scam in Michigan history," but does not relieve Salem's owner, Joseph Steingold, and others from possible criminal liabilities.

Under the agreement, borrowers with second mortgages, who incorporated at Salem's direction (to avoid state usury limits on mortgage loans) will have the principle of their loan reduced by the costs of the broker and attorney fees.

The interest rates on those loans will also be cut from as high as 25 percent to 15 percent.

Second mortgage borrowers who didn't incorporate, will also have their broker and attorney fees cut from the loan's principle with the "underlying debt returned to its original terms." The interest rate on those loans will be cut to 7 percent.

Homeowners who were foreclosed upon and in arrears with the company will be able to make their mortgages current by either paying \$600 or 33 percent of the arrearage, which ever is less, by September 1. Any additional arrearages will be paid off by the borrower paying the original monthly payment, with the difference between that amount and the new payment going to reduce the arrearage.

Blueprints For Family Living

by

Rev. Richard H. Wadsworth
If permissiveness is under attack today, what is the cause of permissiveness? Why do some parents run a happy and disciplined ship and others, a sloppy and undisciplined ship? We can't live without rules, and yet some parents give their children very little firm guidance.

Sometime ago Professor George Wold, of Harvard, put it well when he said, in answering a question about young people. "Permissiveness perhaps. But it's a negative kind of permissiveness. It's a permissiveness that comes from parents having nothing - no creed, no philosophy - to believe in, absolutely no idea of where they are."

What Wold is saying is what our tradition teaches - that our philosophy, creed, religion - call it what you will, is completely fundamental and that without it we are lost. Without it we do not know who we are, where we are, or where we are going. And if we don't know that, if there is a vacuum in our own souls, how can we give the young firm guidance?

Too many for too long have been living without an anchor for the soul. Though there are thousands who profess to be Christians there appears to be little spiritual reality and power in their lives. Some words inscribed in the Cathedral of Iubek in Germany point out the difference between religious profession and personal salvation: "Ye call Me Maker, and obey Me not. Ye call Me Light, and see Me not. Ye call Me Way, and take Me not. Ye call Me Life, and desire Me not. Ye call Me Wise, and follow Me not. Ye call Me Fair, and love Me not. Ye call Me Rich, and ask Me not. Ye call Me Eternal, and seek Me not. Ye call Me Gracious, and trust Me not. Ye call Me Mighty, and honor Me not. If I condemn you, blame Me not."

We are not saved by our good works, but salvation by grace through faith motivates a Christian to work for Christ Who saved him. Parents who profess to be Christians would live their faith before their children at home, then when correction is needed, the child will not accuse the parent for saying one thing and doing another.

Consistency is the way to stop permissiveness. Consistency in correction, and consistency in our Christianity. (Sponsored by the Church of the Nazarene).

Grayling Elementary School

On Friday, May 27, 1983, Mrs. Larson's first grade class had a special visitor. She is a foreign exchange student named Ikuyo. Ikuyo is from Japan and is living with the Larsons. Mrs. Larson had her come in for a surprise. She told them how to make paper birds. When Ikuyo got home she wrote the student's names in Japanese characters for them. Ikuyo dressed up one girl in a Japanese outfit. She also showed them Japanese money. She showed them chopsticks and how to use them. She showed them her name in Japanese characters. Ikuyo showed them they way the Japanese dress. She also showed them the shoes they wear. They all saw her bag, a scarf she folds and uses as a schoolbag. Ikuyo will be leaving on July 15.

By Teresa Ferguson and Mary Beth Boone, 5th grade.

In Mrs. Ingvarsson's class they're working on computers. Everybody works on it. They play games sometimes and they practice their spelling on it. They also do math on the computer. They do funny stories and make pictures on it. Mr. Haf is still coming in.

They went to see the helicopter at the football field. They went out at about 12:45. There was only one and it was the color green. It was noisy. They're doing projects like turtles and other animals. They make them out of cups, paper, and glue. After they made them they played with their animals and showed people their projects. Then they took them home.

Thursday, May 19, Stacey Austin and Jay Mobarak came with us to write the parts about the computer. On Friday, May 20, Susy Lovely and Chris Wolcott came out to help with the

rest of the story.

By Heather Willoughby and Suzanne Hamilton, 5th grade.

I am in the elementary choir. Mrs. Emerick teaches us songs. We have performed for the school board, Grayling Elementary, Frederic Elementary, the people at the Homemakers Holiday Show, and the Honor Society. We are going to perform for the Senior Citizens and at Grayling State Bank. This Thursday we are going to have a party. It will be fun. Everybody has to bring something. There are 20 kids in our choir.

By Jennifer Naour, 5th grade.

Some of the fourth and fifth graders are in a choir. They meet every Tuesday and Thursday. Sometimes they sing for the schools.

They went and sang at the Honor's Assembly at the high school. After they sang they got a standing ovation. Good luck to you next year.

By Paula Nunn, one of the choir members.

Doodles From The Tall Timber

During the first week or so in June, a wildflower known as Clintonia will come into bloom. This flower favors wild areas over much of its range from Newfoundland west to Manitoba and south to North Carolina and Wisconsin. This shade lover is usually found in moist woodlands or brushy areas and seems to favor acid soil. Only one of the books I have states that it may be less than fifteen inches tall. The flowers number three to six and are found in loose clusters on slender upright stems. Each drooping, greenish-yellow bloom is nearly one inch long. There are three petal-like sepals and three petals with six stamens coming out of the middle of the blossom. The leaves usually number three, but on occasion there may be as many as five. The leaves are blunt pointed, oval in shape and eight to ten inches long. The leaves are much like those of the Adonis but do not have the purplish-brown markings. Clintonia has been called such names as bear tongue, cow tongue, dogberry, bluehead lily and Clinton's Lily. Its scientific name is "Clintonia borealis" which is from Governor DeWitt Clinton of New York, who was an early naturalist. By August, the fruit of this plant will be ripe, but I would suggest that you do not eat the metallic blue berries since they are slightly poisonous.

UP, UP, AND AWAY!—On Tuesday, May 17, 1983, the first and second graders went out to the football field to see a helicopter land. The National Guard flew the helicopter to the football field. First it landed, then the pilots tied the propellers down for safety precautions. They went up in the helicopter in small groups to look at the controls. They also saw the jet engine. Afterwards they asked the pilots questions about the helicopter. They did this because of a unit in the level 4 reading book. By Mary Beth Boone and Debbi Schrock, 5th grade.

Chamber Chatter

By Joyce Kolka

The receptions for members of the Indiana National Guard will be held for the non-commissioned officers on June 13th and for the Officers on June 16th. The affairs will be held at Penrod's Canoe Livery and the Grayling Country Club respectively. These affairs are sponsored by the financial institutions in the area to show the guard that they are a welcome addition to the community. Any citizen is welcome to attend the receptions. There is a donation for the affair which is payable at the entrance.

The Muscular Dystrophy Fun Day will be held June 18th with events that will entertain young and old. Some of the highlights include: Polka dancers, Barbershoppers, Senior Citizens Kitchen Band, old time fiddlers, Frank "T" Bear and the Swinging "L" Yellow Rocker Square Group. Contests include: ring toss, fish pond and men's leg contest. According to Charles and Lillian Kirk, Co-chairpersons for the affair, there will be 80 merchant donated prizes given out during the day. They said that a person must be present to win one of the prizes. The fun will begin at 12 noon and end at 8 p.m. at the Grayling State Bank parking lot. In case of rain the fun day will take place at the Grayling Middle School.

The Chamber staff attended a meeting recently with representatives of the Department of Natural Resources and the Detroit and Mackinac Railway Co. to check snowmobile routings. The purpose of the session was to clarify details of the trails so that an accurate map may be produced in quantity to hand out to visitors.

Public Relations Director, Don Geiss, attended a Michigan State Chamber of Commerce Recreation and Tourism Committee meeting last Friday. Items for discussion on the agenda included signing on State Highways, and railroad right-of-ways utilization in relation to tourism and recreation. There will be more about this meeting in next week's column.

Congratulations to Cornell Realty on the Grand Opening held last week at their new properties at the Grayling Mobile Estates. They have a model mobile home on site and will be handling the building lots and mobiles on that location.

New members joining the chamber this week are Little Caesar's Pizza at 216 James Street. Robert King is the manager and Julie King, Supervisor. Welcome aboard, folks.

Our hats are off this week to our local National Guard at Camp Grayling and their mates, chaired by Col. Skip Hanson with head chef, Jim Dannenberg. These wonderful folks, too numerous to name, sponsored an excellent Roast Beef Dinner at the armory to benefit our Milltown Festival. Proceeds of over \$300.00 will help with advertising, band expenses, insurance, Mich. Woodcutters Exhibition, etc. Special thanks to the following merchants for their supporting rolls: Dan & Maggie's, R & H Sports Center, Skips Sport Shop, Chicken Charlies, Holiday Inn, Mac's Drug Store, Grayling Automotive, Moore's Automotive, Krumrei Distributing and Rochettes. Also thanks to our local citizen supporters who purchased the tickets. Members and Mates of Camp Grayling, you have helped the community in so many, many ways and are always ready to land a helping hand, however, our only way to show our appreciation is to say "Thank You" from the bottom of our hearts and we salute you!!!

PLUS OR MINUS GOD?

This young man, like multitudes of others his age, realizes he must soon be earning a living and perplexing questions arise.

What vocation shall he follow? Will the life-work he has in mind offer him a suitable outlet for his talents? Will he be happy and contented in that work?

And questions arise about the ethical standards he should set for himself. Just how honest ought a fellow be anyway? How loyal to the truth? Do moral compromises pay?

In other words, this young man is inquiring into the meaning of life itself. In essence, his question is, shall a fellow plan his life **plus** or **minus** God?

How he works things out depends largely upon his earlier training. If his religious life has been neglected, he is more likely to make the fatal mistake of trying to get along without God.

If he has been more wisely led, he will place God and truth and right at the center of his thoughts. If he seeks the better way, his House of Worship stands ready to offer him every aid.

Notes From Sweet Adelines

Have you marked Saturday, June 18th on your calendar yet? That is the evening we hope you will be attending our show at the Houghton Lake High School Auditorium. If you love barbershop harmony, as we do, you won't want to miss it or our fine male guest quartet, "The Good News", from metropolitan Detroit area.

The melodrama, written by our President, Sharon Huss, will take you back in time to the romantic era of the "Old South" - a refreshing change from the problems of today's Space Age. Will the Villain succeed, or will the Heroine be saved from "a fate worse than death" by the Hero? You can find out by coming on June 18th to see "The Perils of Sweet Adeline", or "By The River's Side", and hear the Mid-Mitten Chapter's barbershop harmony as the story unfolds under the direction of Paula Fuller.

Editor's Mailbox

To the Editor,
On behalf of the American Cancer Society volunteers who took part in the May educational and fund-raising drive in Crawford County, I wish to thank the Crawford County Avalanche for allocating valuable space to news of our activities.

Information is one of the key ways in which we can conquer cancer because it is through information that people learn to safeguard themselves and their families against cancer. The Crawford County Avalanche has played a major part in bringing this information to the people of Crawford County.

I also would like to thank the residents of our county for opening their doors - and their pocketbooks - to contribute to our crusade and receive our educational material.

Sincerely,
Valerie Lehti
Vice-President
Crawford County Unit of the
American Cancer Society

YSB Finishes KCC Tours

The Grayling office of the AuSable Valley Youth Service Bureau concluded its spring college tours on May 20 at Kirtland Community College. Our group received a lot of valuable information and received answers to all questions. We left much impressed with our school's campus and facilities. We would like to thank Cary Vajda, the Admissions Counselor, for his assistance and hospitality.

On May 19, Mike Hauxwell, the Public Relations Director at Mercy Hospital, took some of our youth on a "first class tour" of the hospital. These youth were very interested in the Health Care Field and were very pleased with the opportunity to see the hospital and talk to some of the staff.

Finally, thanks to Gail Mills. She and her students put on the last Middle School Dance for the year on May 13. They did a wonderful job and everyone had a great time.

Two Grayling Middle School girls broke school track records this year and one runner went undefeated during the season.

Michelle Moore ran two miles in 13:45 breaking the 1980 record of 13:45.48 held by Stacey Wolcott.

Fifty three middle school girls competed this year in track and every girl participated in at least one event at each meet. Ms. Lucksted, the head coach, said the season was cold but still a good one overall.

Par For The Course

The first of the Sunday Couples Golf Parties was held on Sunday afternoon, June 5, with the weather cooperating except that there was a chill in the air.

In Scrambles play, the team of the Dr. Schwarz and Ken Gothros came in with a low of 34. Second place was a tie between the foursomes of Bill Scheers and Don Esmonds and the Bruce Smiths and Bernie Pottorffs. Both foursomes had a 35. Ann DuBois was the closest to the pin on No. 3 while Mabel Gothro had the longest drive on No. 5. Arnie Mauren took the longest drive on No. 2 and Bob Schwarz was closest to the pin on No. 8. Door prizes were awarded to Dr. Henigs, Ken Carlises, Bernie Pottorffs, Dale Pettengills, Dale Nielsons, Dr. Blahs, and Walt Nowaks.

The sixty-eight people who attended furnished their own meat for the dinner and the club employees prepared salad, potatoes, and rolls while the committee furnished cake for dessert.

A most successful party was planned by Don and Elsie Jansen, Dick and Ann DuBois, Charlie and Liz Vajda, and Dale and Mary Pettengill.

The next Sunday party is scheduled for June 26.

This Friday, June 10, will be Happy Hour with an hors d'oeuvres table for members and their guests. Come on over, Gordie and the girls will be looking for you; they're trying hard to make the club an enjoyable place to be.

The Wednesday Morning League fell prey to bad weather for their second week of regular play on May 25 but the third week June 1, dawned bright and beautiful and the Orange team came in high for the day with 33 1/2 points. The team consists of Ruth Nielson, Pearl Tucker, Carol Thompson, Ann DuBois, Marian Joseph and Jean Raab. Jeannette Kitchen scored a bird on No. 3 and June Schwarz chipped in on No. 3. Donna Pottorff and Carol Thompson took low score for holes 2, 6, 7, and 9.
